

Packing List for Family Camps

Campers should have a range of clothes for warm days and cool nights. All belongings should be marked with your child's name. This includes luggage, towels, and all personal items. You may want to include a check list of your child's belongings. This will help the counselor to make sure your camper comes home with everything he/she brought.

Our mainland program is designed to encourage campers to participate in the experience of the community. **Please do not pack any personal electronic devices including cell phones.**
